## ABOUT

I'm Jon, a branded content producer and director. For the past six years I've worked across a wide variety of projects for **Red Bull Media House** via UMTV, a London based production company. I've also produced and directed short films for **Rolls-Royce** and **Team England's Commonwealth Games Campaign**. Before that, I worked at **4Music** (Channel 4's music channel).

I have extensive knowledge of creating content for socials and I pride myself on making genuinely engaging programming with credible brand presence. I have an eye for a good shot, an ear for a good story and aim for the highest production standards.

In my time working for Red Bull, I've pitched, produced and delivered several sports documentary series. Recent projects include **Matt Jones: Design & Conquer** (a four-part fact-ent series in partnership with Ford) and **Red Bull Hardline** (in partnership with BFGoodrich). I've also created multiplatform short form social content to support each project.

I'm a clear, concise communicator and my projects range from managing large crews to working in small teams. I'm able to maintain relationships with multiple stakeholders and make quick, but considered, editorial decisions that protect and enhance the brand whilst entertaining the audience. I've spent my career working to tight budgets and deadlines.
